Please share your educational and career goals/aspirations and how you plan to move toward greatness:

Additionally, my long-term future plans and career goals include: advancing into a higher position with my current employer, possibly starting my own political business (I don't know about that yet though), and becoming a motivator and teacher to others through my knowledge and experience. Morehouse can aid me in reaching these long-term goals in the same ways that Morehouse can help me reach my short-term career goals. One is through allowing a platform to gain further education in the field of politics. By advancing my knowledge in the field of business, I hope to be able to be an inspiration to others, as well as have the tools necessary to be effective in my endeavors as well as help others obtain their lifelong goals.

Morehouse College is the perfect fit for me. I know that if I am allowed to become a part of the student body all of my dreams will become realities. There is nowhere to go but up with a Morehouse kind of education. If given the opportunity you will not be disappointed. I will give every endeavor 100%. Education is necessary in continuing my goals. My bachelor's degree will be just the beginning, just a single step leading up the stairway of my lifelong dreams. Thank you for your time and your consideration.
