Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

My education goals are being able to be apart of early admission which is a dual enrollment program. Where a senior in high school is also a freshman in college. I was able to do two semesters and my latest semester I finished my classes with straight A's. But my education goal is to be able to complete undergraduate and gain a business and music degree at FAMU and start my careers and life. As of goals that I completed with my careers I had 3 jobs and I gained a good amount of experience at each of them and I want to gain as much experience as I can get before I graduate college and try to start running my own business and be able to make that business successful whether it is in sales or music. I will use the success from my experience and my determination for me to move toward greatness.
