## Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

My educational and career goals were first to get admitted to a University and to be able to help my family financially with my college tuition. I will be majoring in Business Administration and minor in communications. I would love to apply for an internship to work for a professional sports organization where I could grow to be fully employed. I would use the skills I learn from my experience with in the classroom and with in the day to day on the job skills. I plan on giving back to my community and helping those in any ways that I can.
