Please list below the names and amounts of any grants or scholarships you have been awarded for the coming school year: Name of Award: Amount: Granted/Pending:	2,000per semester fafsa

Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

My major is psychology. I have decided to Perdue psychology because I am working towards becoming a triple board psychiatrist. am determined to become a psychiatrist because I am devoted to helping mentally ill people even children. If we start with the kids now, they will grow up to help the environment. I love working with people. People with mental illnesses are just like you and me and deserve to live a fair life no matter how much trauma there has been. I strive to treat and diagnose the more people I can help better them as people and/or even save their lives. Everyday people are dying from being misdiagnosed or not getting the help they deserve. I have decided to take this career path and make the best of it because I have faith that I can aid the people of generations to come. No is too young to help the society. I believe I can make a difference.
