## Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

My name is Ma'niya Dawson and I am a first-generation college student at North Carolina A&T State University in Greensboro, NC. I am a first-year student with a major in Finance, and hopefully a minor in Accounting beginning in Fall 2022. Upon graduating from college in May 2024, I plan to enter the entrepreneurship industry and use my knowledge obtained to begin a business. This business will be a small organization separate from my actual everyday career. I would love to use my degree to become an investment banker or obtain a career in financial planning.

To accomplish my career and personal goals, I plan to start by setting small goals. My goals such as strengthening my study ethics, getting involved on campus, joining organizations, and networking with people. I believe that these small, yet attainable goals will place me in front of great opportunities. I am pushing to make the Chancellor's List for this Fall semester, as well as my next 3 years in college. I also plan to apply for the Honors Program, to push myself to greater heights and receive the great opportunities the program has to offer to its students. By furthering my education in finance after graduation, I will be able to work towards my career goals in the business field. I aim to make a difference in my community and to encourage everyone around me to go toward any dream or goal that they may have.
