Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I was inspired to become an orthopedic surgeon when I went to an orthopedic clinic and was intrigued by the field of work. In order for me to learn more about the field, I had the opportunity to shadow and noticed that there were no African-American doctors. When I become a doctor in the future I will look for ways to give back to the community to help other African-Americans and minorities to be able to have a chance to look at different careers like being a lawyer, doctor, or CEO of a company, so that the next generation will be more likely to choose that pathway rather than being an athlete or entertainer.
