Please share your educational and career goals/aspirations and how you plan to move toward greatness:

After high school, I aim to go to a college of my choice and spend four years studying business marketing. While in college I will join a fraternity and hopefully intern for pro sports teams in the area because I would like to do marketing for a sports franchise. I would also like to continue playing soccer in college so I would like to spend my time doing that also. After I graduate from college I would hopefully already have a job with the franchise I have interned for and make enough money to take care of myself and also help others.
