## Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I want to be able to make real change not only in my community but also nationally and internationally. Throughout college I would like to be as knowledgeable as possible, keep my bias low, and to keep an open mind in all of my classes. I believe that keeping an open mind would allow me to push forward and allow me to be ahead of others who are not willing to change their thoughts.
