Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I would like to own my own Event Service Business. As a DJ, the first division of my company would be a entertainment division - one stop shop shopping for a DJ. As a customer you would be able to cater the DJ needs to your own (ex: Country music only, Must wear a tux, Jazz music for the first hour and old school R&B for the remaining). I would have great deal of freelance DJ's globally that would bid on the job. I would then make a profit off of the hourly cost the customer will pay (enough to cover the dj and my fee). As my business expands I would like to have medical, financial, and legal divisions. Medical - a nurse that is willing to come to a home to provide services on a daily basis or a doctor that would be open to making home visits. It would be a one stop business that customers can request many services. My dream schools are both Morehouse and Hampton University. I plan is to major in Business Management and/or Entrepreneurship. I will benefit from this scholarship to offset the cost of college and look forward to hearing from you soon.
